ULTRA CONCENTRATED MULTI PURPOSE CLEANER NETTOYANT MULTI USAGES ULTRA CONCENTRÉ

ASC All Surface Cleaner offers a safer alternative to hazardous cleaning chemicals, such as mineral spirits, butyl-based products, caustics and alkaline detergents.

ASC Ultra Concentrate aqueous solution offers a non-hazardous, non-flammable, biodegradable, formaldehyde free, ammonia free versatile alternative for a range of industries including industrial maintenance, machining, mining, automotive, printing and more.

SURFACE PREPARATION: Remove any dirt, debris, etc which may prevent BRODA® ASC from thoroughly penetrating stain that is to be removed. Wetting the surface prior to applying BRODA® ASC often produces better results.

DILUTION: Dilute up to 4:1 for heavy staining, up to 10:1 for medium staining and up to 20:1 for light staining.

APPLICATION: Apply a flood application to stain that is to be removed. Let dwell for 15-60 min. Agitate for better results. Rinse thoroughly with water. For best results use high pressure hot water taking care NOT to damage the substrate. Recover waste water for recycling where facilities are available.

CAUTION: Rinse COMPLETELY from glass and raw aluminum before BRODA® ASC dries.

CLEANUP: Rinse with warm water.

IMPORTANT: Do not freeze contents of container, store above freezing. Always test for effectiveness in an inconspicuous area.
